

Recommended coach

The recommended coach programme has been designed to ensure you have the skills required to become an outstanding coach so you can guarantee customer satisfaction. The complete package is also designed to build the brand image of the WGTF and its coaches.

Successful completing your level 3 certification guarantees you will be able to deliver a structured lesson better than most in the industry but you may need to gain further experience or further training to reach the level where the WGTF will under right your performance.

When we know you have reached these standards and you are willing to enrol onto the WGTF client charter you will have the advantage of being included in the “**find a coach**” service we offer to the general golfing public.

Becoming a recommended coach also insures you against anyone less qualified ruining your reputation. Eventually the status of “Recommended Coach” will be sought by all those searching for the very best coach in town.
